SERVICE

Our 2025 ambition

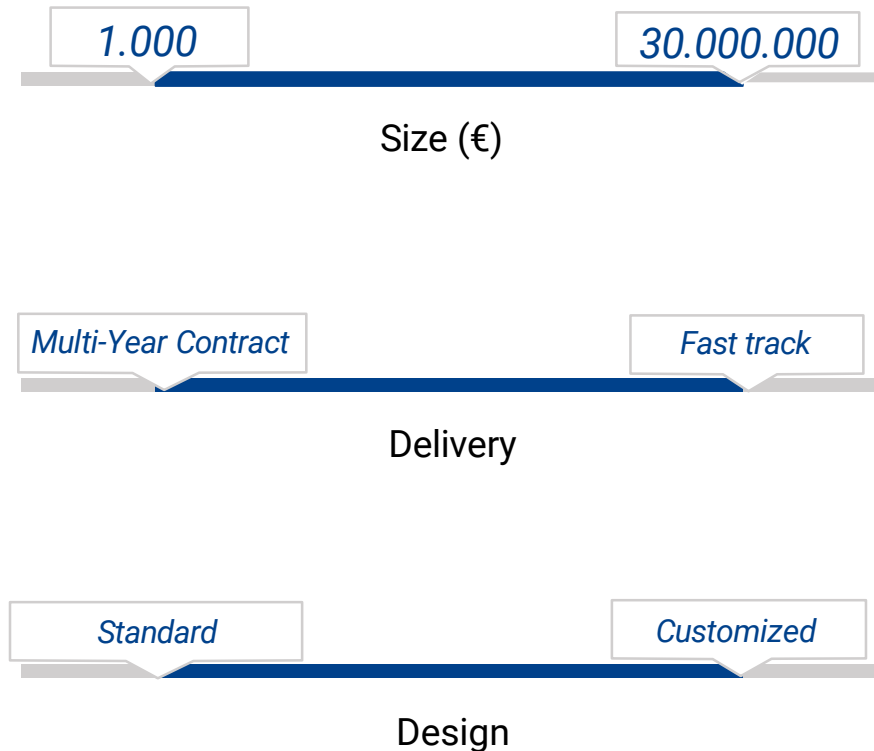

Become a sustainable company recognized globally for its expertise and services supporting **Energy Transition** and **Digitalization**.

- Through delivering **reliable and innovative solutions** that help **drive a sustainable future** and constantly **improving customer experience**.
- By **innovating how we work together** and with our customers, and by **generating sustainable returns to shareholders**.

QHSE & Sustainability

ACCREDITATIONS

- ISO 9001:2015
- ISO 45001:2018
- ISO 14001:2015
- PED Certification module H1 for manufacturing WHCP up to 1,000 Bar and biogas upgrading plant

COMPLIANCE

- Functional Safety Engineers Certification according IEC61508 / IEC61511
- ATEX 2014/34/UE and PED 2014/68/UE
- European Directives
- EAC (Technical regulation of the Euro-Asian Customs Union)
- Other National/international product certification schemes.
- Dealing with Third Party, Verification & Certification Bodies.

Your Sustainable Choice

Our goal is to contribute to Economic Development, Social Well-Being and respect for the Environment in the communities and countries in which we operate

*Safe Life Program by Rosetti Marino is an approach to **promote the safety culture** where **no incident or injury is deemed acceptable**, with the aim of achieving extraordinary results in HSE performance.*

Organization owned facilities

OFFICES (2.500 sqm)

3 floors building with a total area of about 2500 square meters contains over 150 equipped work-stations and 9 meeting rooms of different sizes

WORKSHOPS & WAREHOUSE (3.000 sqm)

Mainly dedicated to small packages or modular systems construction and testing activities

UNCOVERED WORKING AREAS (20.000 sqm)

Dedicated to large packages assembled in a fenced open area

Partnership

Patented Technology for Biogas upgrading (60% owned by Rosetti)

Patented Technology for micro turbines (Power Generation)

Cyber Security (Automation and digitalisation)

Advanced Physical Security Solutions (Value Added Reseller)

Communications Technology (Value Added Reseller)

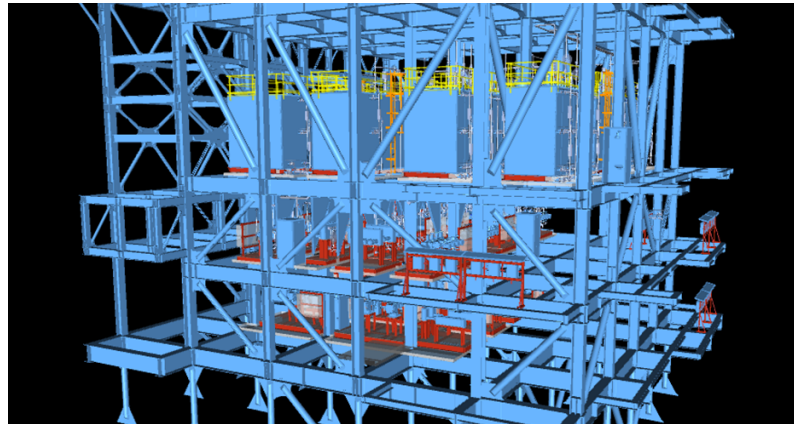

Video Security Systems (Value Added Reseller)

Dehydration & sweetening process (Licensor)

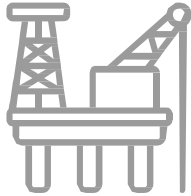

What we do

Industry-Specific domain expertise

Solutions for the entire Oil & Gas process

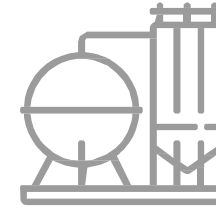

UPSTREAM

- WHCP-HPU
- Analyzer System
- Chemical Injections
- Power Generation
- TUTU Panels
- Metering Systems
- Utility Packages
- Water Treatment Packages
- Test/Production Separators
- Gas Treatment Packages

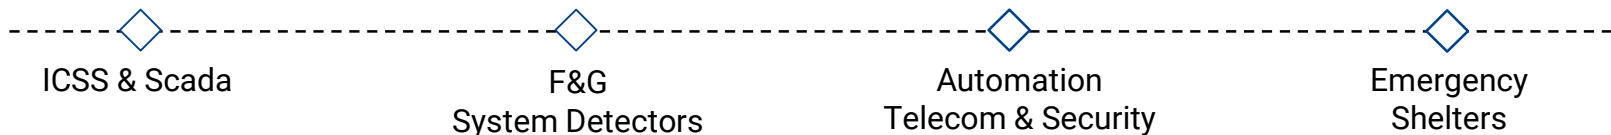

MIDSTREAM

- Analyzer Systems
- Gas Conditioning Packages
- Gas Dehydration & Sweetening Packages

DOWNSTREAM

- Analyzer Systems
- Metering Systems
- Pilot Systems
- Water Treatment
- Gas Dehydration & Conditioning Packages

...and the Energy & Digital Transformation

(BIO)FUELS/LNG

(bio)Waste to Fuel
solutions:
µLNG solutions
Flexible (4 - 50 tpd)

GREEN HYDROGEN

Integrated solution for
hydrogen generation via
renewable sources

BLUE HYDROGEN

Catalytic Partial
Oxydation for high
separation CO₂/H₂
streams and CCS
capability

ASSET MANAGEMENT

Advanced AI platform
for digitalised
operation and KPIs
maximisation

Fores Value Creation

We integrate products, systems and services for end-to-end asset lifecycle value creation in process

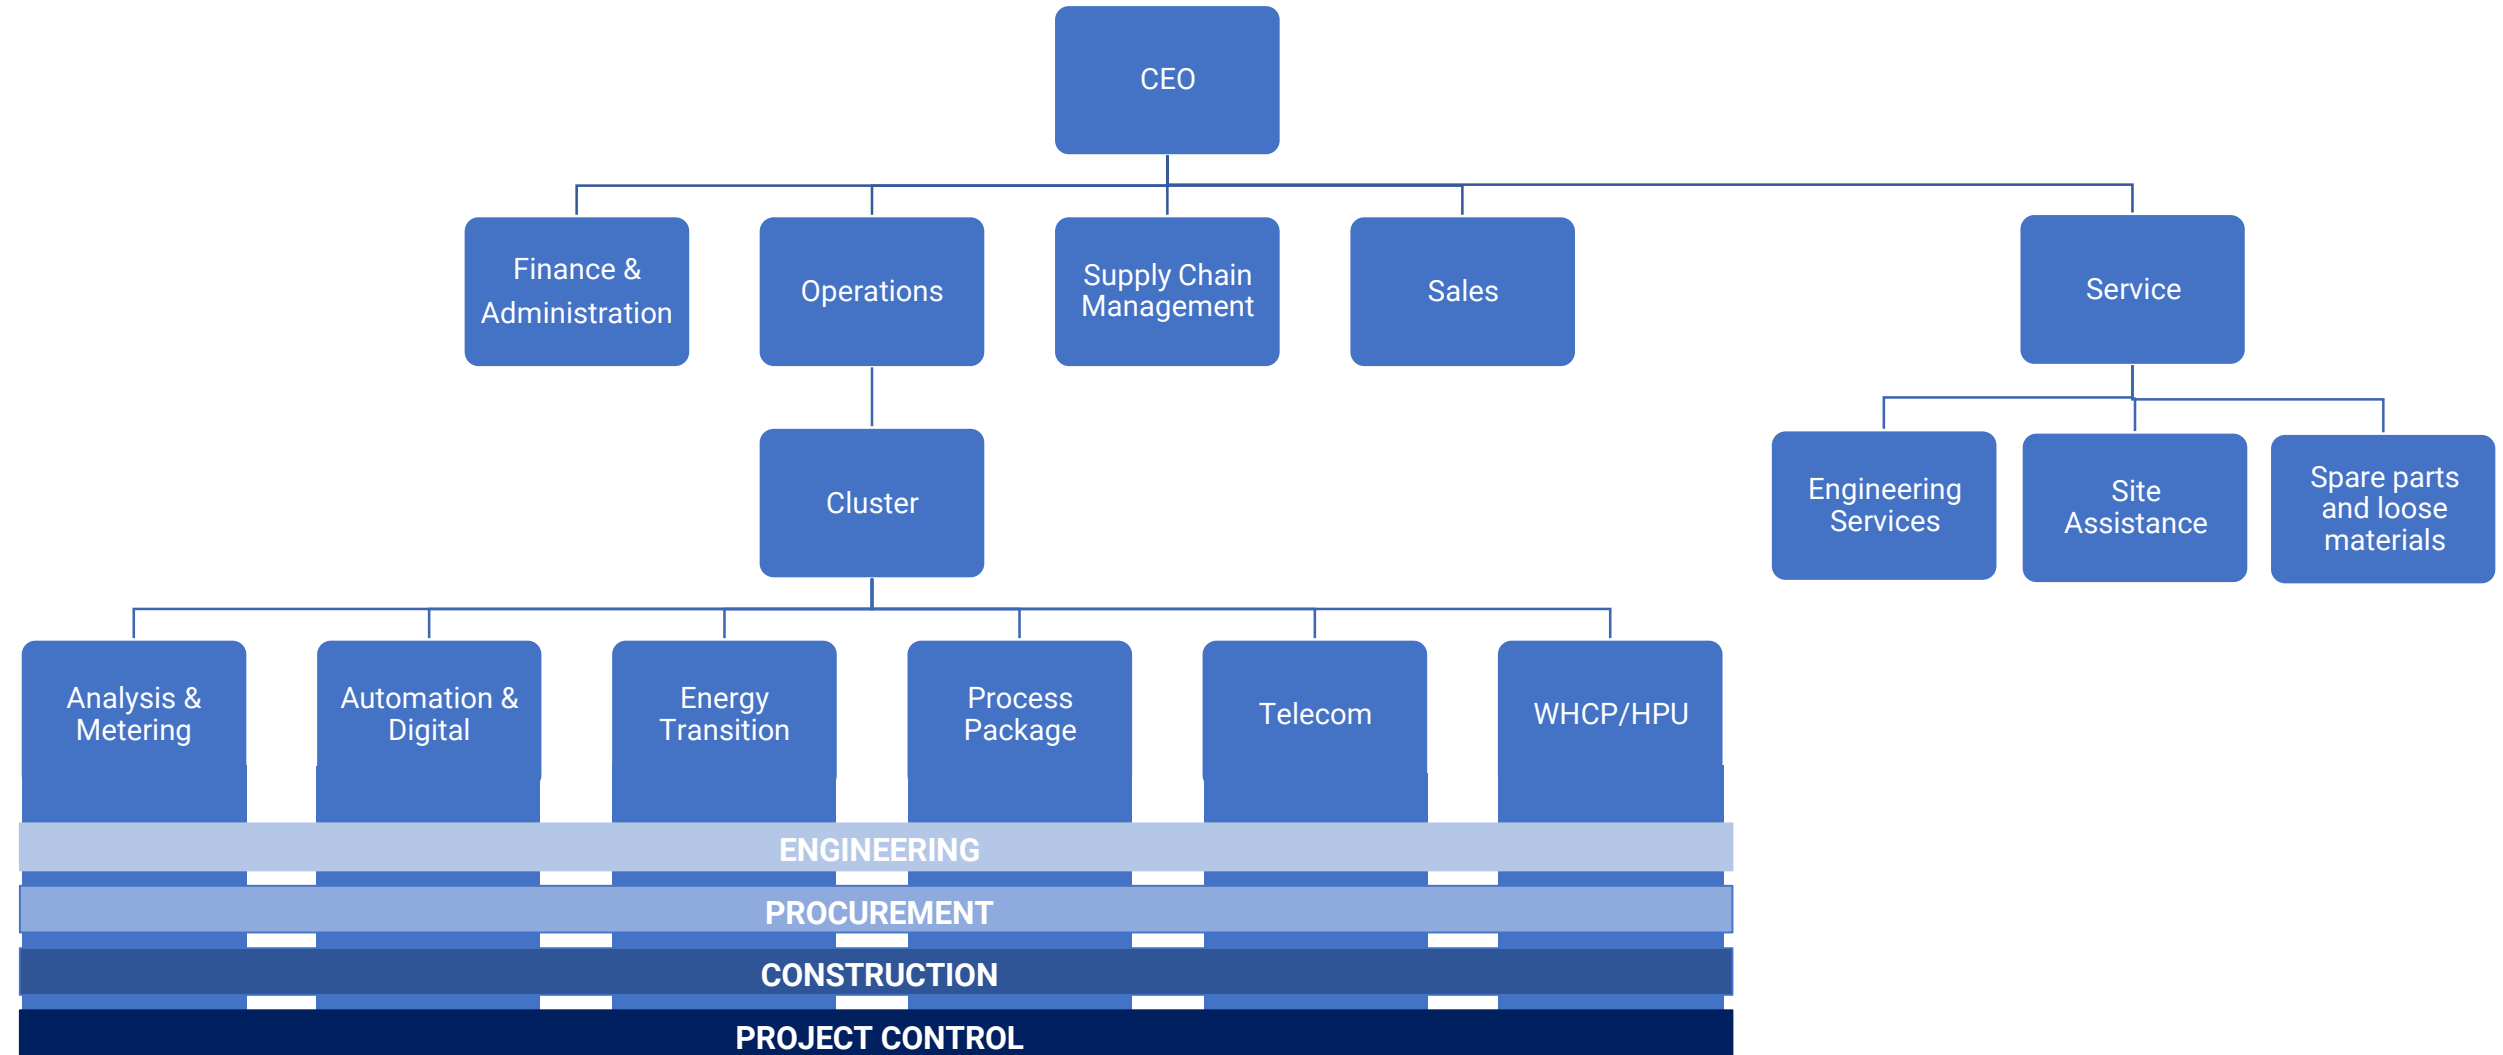

A wide-angle photograph of a large industrial workshop. A yellow overhead crane with the text 'OMIS SPA' and 'Ton. 10' is visible at the top. In the center, a large metal cabinet is being hoisted by a crane. Several workers in hard hats are working at tables in the foreground. The workshop is filled with various equipment, tools, and materials, including boxes and a red toolbox. The background shows more of the workshop and a large open door.

Organization

Structural efficiency for optimal performance

Operational Management

Analysis & Metering Cluster

The **Analysis and Metering Cluster** delivers comprehensive and innovative solutions to **optimize every aspect of analysis & metering in operational processes**

- Integrated process analysis shelters, cabinets & local racks
- Fiscal metering and related analyzers and auxiliaries

Automation & Digital Cluster

The **Automation and Digital Cluster** transforms industrial operations with **integrated solutions for automation, control, and safety**, including advanced **Fire & Gas systems**

- Automation, Control
- Safety and F&G systems of industrial processes

Energy Transition Cluster

The **Energy Transition Cluster** merges **cutting-edge energy transformation processes** with unrivaled solutions for efficiency, to **spark a revolution in the way end users engage with energy**, driving the collective stride towards a brighter, sustainable future.

- Energy transformation processes
- Providing energy efficiency solutions for end users

Process Package Cluster

The **Process Package Cluster** empowers projects with **cutting-edge skid and process package solutions**, designed for **superior efficiency and flawless integration**, to **surpass** the competitive and complex **requirements of the industry**

- Design and assembly of skids and process packages with considerable competitiveness
- Ability to handle challenging deliveries

Telecom Cluster

The **Telecom Cluster** revolutionizes network's capabilities, seamlessly **weaving together networking, radio, and physical security systems** to create **secure, robust connectivity solutions** that **redefine digital safety and operational reliability**

- Integration of networking, radio and physical security systems
- Creating advanced and reliable solutions by combining technologies and expertise to ensure secure connectivity

WHCP/HPU Cluster

The **WHCP/HPU Cluster** enhances wellhead operations through the integration of **cutting-edge technology** and deep **industry expertise**, delivering solutions that ensure **operational integrity, enhance safety, and drive efficiency** in the demanding Oil&Gas sector

- Lines of potentially repetitive solutions

Service

Fores Engineering provides **unparalleled Service** from commissioning to after-sales, merging **global reach** with the **deep expertise** of our highly skilled specialist Team.

We ensure operations thrive with our **comprehensive support, tailored solutions**, and a **commitment to excellence** in every context, worldwide.
